Profile

My name is Ratko Kovačević, and I'm currently looking for a job as a Junior Front end developer. I have 2 year of experience working volunteer / freelancing. I have a bachelor's degree in IT. The love to work with computers software or hardware is there since i am 6 year old. I design in the browser with HTML(5), CSS(3) and a touch of JavaScript. I love coding things from scratch, but I can work with front-end frameworks. I enjoy reading and learning new skills, and the knowledge and perspective that my reading / learning gives me has strengthened my skills. Want to work together? I'd love to hear from you. All my work and detailed contact information can be find on my website ratkovacevic.com.
